

Ecosystem Roundtable Informational Staff Report

Date: March 4, 1999

Prepared by: Rebecca Fawver
CALFED Bay-Delta Program
Restoration Coordination Team

Topic: Update on Ecosystem Roundtable membership changes

Background:

Concern has been raised regarding attendance at Ecosystem Roundtable meetings. It was requested that the Roundtable co-chairs check in with Roundtable members to determine their level of participation. Additionally, several changes in Roundtable members and alternates needs to be documented.

Status:

Changes to the Roundtable need to be approved by Mike Madigan of the Bay Delta Advisory Committee. Attached is a draft letter of proposed changes to Roundtable membership. Hopefully, the pending issues can be resolved prior to having Mike Madigan sign off on a final memorandum.
